

**CHILDREN'S
HOSPITAL IS
TAKEN BY U.C.**

Institution, Founded and Controlled by Women Doctors for 30 Years, Goes Over to Varsity

Founded and controlled for more than thirty years by women physicians, the Children's Hospital has passed into an affiliation with the University of California, whose medical students, it is stated, will practice among the little patients.

By a vote of 4 to 1 at Wednesday's meeting of the hospital's board of directors, Mrs. Isaac N. Walter presiding, the old order of things was overthrown.

with the university was authorized. It has been known that divisions of the university have been run by directors, a new concept meaning that the university is not a corporation. In a similar manner, the direct flight Mrs. John F. Merrill had to have been the only member of the board of directors, and the surgeons. Had she stayed with the pioneers the vote would have been 2 to 1 against the new arrangement.

DISGRACE, SAYS DR. BROWN.

Dr. Adelaide Brown, who has been a member of the board for many years, said she was shocked and might strongly against the proposition.

"It is a shame and a disgrace the Children's Hospital should pass under the control of the University of California. It was founded for the purpose for which it is known to the people, and the direct control of the women physicians of San Francisco. They have been the backbone of the hospital since its time. It stands pre-eminently above all other hospitals in the West. It becomes under the amateur process of student physicians?"

Dr. Brown said she never

The English government has hopes on the Hawaiian Islands as a possible source of supply of potatoes for use in the islands. According to a chemist sent to the islands by the British government, a small area of the islands of Kure and Midway will yield 15 pounds of potatoes per acre. A larger area of the islands will yield more than 13 percent potatoes per acre.
