Mr. John H. Preston

North Russian Lloyd's offices were closed  
a large amount of stuff was taken to the  
Santa J. Warehouse for storage with the  
Haslett Warehouse Co. Capelle has visited  
the warehouse several times and looked it  
over carefully which leads me to believe  
that there may be something there of some  
importance. I presume above information  
is already in your hands but just on  
the chance that it might not be I am  
sending it.

Very truly

Edwin B. Smith
